

## Two Day Paediatric First Aid Course

### Description.

The HSE stipulates that employes should provide a safe and healthy environment for their employees. If your risk assessment highlights a need for first aiders, with additional training in child and baby first aid this course will provide you with confident, highly qualified first aiders. All child-minders in England and Wales are required to have a valid paediatric first aid qualification preferably upon registration if not within six months of receiving their registration certificate.

### Duration

The course is ideally run over two consecutive days, with a minimum of 12 hours contact time. We have the flexibility to suit the course to your needs.

### Syllabus

The syllabus covers a wide range of subjects including :

Assessment of the situation	Responsibilities	Legalities
Dealing with an unconscious casualty		Resuscitation
Heart Attacks	Choking	Child hood illnesses
Bandaging	Fractures	Head injuries
Shock	Asthma	Epilepsy

Macleod Training, can also provide additional training in areas not listed, please contact fro a comprehensive list of the syllabus and any other topics you require.

### Certification

Upon completion of the course delegates will be awarded at paediatric first aid certificate valid for 3 years, which is renewable by attending the 2 day refresher course This course may also be used to provide evidence to an NVQ assessor for those working towards an NVQ in Child Care and Education (level 3).

### Numbers

A maximum of 12 delegates per trainer, delegates must be over 16 years old.

### Location

Course can be run onsite, subject to suitable training facilities. This will reduce costs if a number of employees need to attend. Please contact for pricing.
